

20hp Altivar 630 Variable Speed Drive 380/480v 3ph

Part Number: CCS-ATV630D15M3

Description: 20hp Altivar 630 Variable Speed Drive 380/480v 3ph

Site Map: Tommy Store > Guardian Control Systems > Variable Frequency Drives

Price: \$5,522.61

Detailed Description

20hp Altivar 630 Variable Speed Drive 380/480v 3ph

Specifications

- Rated supply voltage range from 380VAC to 480VAC
- 50Hz to 60Hz supply, 0.0001KHz to 0.5KHz output and 4KHz nominal switching frequency
- IP21 conforms IEC 61800-5-1, IEC 60529
- Ethernet, Modbus serial and Modbus TCP communication port protocol
- 16 preset speeds discrete input logic
- 3/2 analogue input/output number, 8 discrete input number and 3 relay output number
- Dimension is 211mm x 546mm x 232mm (W x H x D), vertical +/- 10 degree operating position
- Ambient air temperature for operation range from 50°C to 60°C with derating factor
