

FIRE Red Hot Cleanser Kit

Part Number: E-P-RHC-A

Description: FIRE Red Hot Cleanser Applicator Kit w/ LED Lighting and Custom Signage

Site Map: Tommy Store > In the Tunnel > Tommy Arches

Price: \$3,100.00

Detailed Description

FIRE Red Hot Cleanser is a fun add-on service that uses high intensity red LED lighting, colorful custom signage, and powerful foam generators to create a unique experience for customers. Kids especially love the intense color and thick foam that covers the car during application and adults are able to clearly see the density of body soap application that occurs during the process.

The applicator is easily installed and hangs from the overhead ladder rack when finished.

Arch sold separately. Sign panel design may not represent current available options.

Specifications

Kit includes:

- Red LED light bars
- Sign panel - Black Series (shown) by default
- Mr. Foamer foam generators
