Replacement Tire Shine Brush 104" Soft Bristle

Part Number: P-TB-210
Description:
Site Map: Tommy Store > Parts > Tire Blaze Applicator Parts
Price: $1,215.00

Detailed Description

This brush is used as a replacement brush in the Tire Shine applicator at the end of the wash tunnel. These brushes are a soft bristle type brush made of black polyethylene material with soft feather tips to remove dirt and grime from the tire walls. By having these Tire Shine brushes at the exit of your wash, they provide a "shiny and wet" look to tire walls for guest's vehicles as they leave the wash site. The brush has a 8" diameter and is 104" in length. They feature a four-bolt mounting design on each end of the brush and are universal with the ability to be installed on both driver and passenger side Tire Shine applicators. The brush does not scratch or leave marks on the tire and rims and provides complete coverage from tire to rim.
