Detailed Description

Tommy Drying Agent (formerly Super Dri) is a premiere drying agent offering consistent, high quality drying for automatic car washes. Product triggers major water beading on contact for easy removal by automatic blowers. Tommy Drying Agent is stable in cold weather and performs in both cold and warm water. This rinse agent helps to minimize spots and enhances total vehicle shine.

30 Gallon containers available.

Contains eye and skin irritants. Intended for commercial use. Follow all included care instructions in case of accidental exposure.

Specifications

Dilute 1:500 - 1000+ OR use 8-15 mL per vehicle

Adjust flow and concentration until best performance is achieved.
