Detailed Description

This Tommy Brite detergent is a superior low pH detergent that provides excellent neutralizing power, cleaning and brightening. Tommy Brite removes stubborn dirt and film quickly, making it the choice for high line speeds and short conveyor wash sites. It produces lathery, deep cleaning suds that is fast rinsing and can be used as a body soap, pre-soak or wheel cleaner. This detergent is readily biodegradable and should be rinsed off thoroughly after application. This detergent comes in 30 gallon containers.

Concentrated product contains mild skin and eye irritants. Please follow included procedures in case of accidental exposure. Intended for commercial use only in automatic car washes.
