Part Number: E-M2031

Description:

Site Map: Tommy Store > In the Tunnel > Cloth Modules > Cloth & Foam > Drying Cloth

Price: \$1,615.00

Detailed Description

The Drying Hugger brush is used in the blower room at the exit of the wash tunnel. This brush is a purpose-built product that contacts driver and passenger side view mirrors to buff and remove moisture, improving drying performance on these critical and highly visible surfaces. These Drying Hugger brushes are made of Drytex cloth material that is not constructed from traditional fabric. They are made of a layered combination of synthetic polypropylene and polyester fibers. This unique construction results in excellent absorbency and an extended product lifespan. These brushes are 55" in length, come in the color grey, and are meant for reverse rotation. Hardware is not included with this brush. For the brush and hardware kit, please use [E-M2031-K](#).

Specifications

- Length: 55"
- Material: Drytex Synthetic Polypropylene and Polyester Cloth
- Color: Grey

Features

- Reverse Rotation
- Extreme Drying Power
- Reliable Performance
- Polishing
- Soft and Safe
- Low Resistance
