

Blast-Tec Pro 324 Rotating Turbo Nozzle

Part Number: P-CHE-2138

Description: Blast-Tec Pro 324 Rotating Turbo Nozzle

Site Map: Home

Price: \$115.70

Detailed Description

These nozzles are used on the Double Threat and Triple Threat Wheel/Rocker Blasters. The Blast-Tec Pro 324 Rotating Turbo Nozzle blasts a 0 degree straight water stream at up to 1,000 PSI while rotating 1500-2500 RPM to provide a 24 degree cone of coverage.

Specifications

- Inlet Pressure (Min/Max): 800-1,200 PSI
- Inlet: 1/4" FPT
- Orifice Size: 4.0
- Flow Rate @1,000 PSI: 2.00GPM
- Optimal Operating Distance: 12"-32"
- Maximum Water Temperature: 120F
- Housing Material: Stainless Steel
- Dimensions: 1.7"L x 1.7"W x 2.94"H
- Weight: 0.50 lbs
