

LED 8' Yellow Flex Light Plus Strip

Part Number: P-LED-3000

Description:

Site Map: Home

Price: \$180.00

Detailed Description

This light strip is used on the Ceramic Body Wax and the Rainbow Coat sign panels in the wash tunnel. This Flex Light Plus is protected with a flexible PVC casing. This material is extremely durable and is able to withstand the harsh, high-moisture environment in the wash. The light strip is also low maintenance, easy to install, and consumes 70% less power than neon light strips.

Specifications

- Power: 20 watts
- Length: 8'
- Material: PVC Casing
