

Tommy Micro-Fleece Mitter Cloth

Part Number: P-M2150

Description: Tommy Micro-Fleece Car Wash Mitter Strips - Price is Per Strip

Site Map: Tommy Store > In the Tunnel > Cloth Modules > Cloth & Foam > Mitter Cloth

Price: \$45.00

Detailed Description

These mitter cloth strips are used in the wrap mitter combo in the wash cycle. Micro-fleece works differently than any other soft-cloth woven materials on the market. Thanks to its specialized short-pile surface less water is absorbed during the washing process when compared with standard long-pile fabrics. This feature dramatically increases efficiency, delivers a gentler friction clean for car surfaces, and produces appreciably less noise against the vehicle. These mitter cloths attach to top loops [P-M2155](#). Price is per mitter strip.

The enhanced mitter cloth strips are a new design brought to the market to change the way mitter cloth strips are used in the car wash industry. This new cloth strip is patent pending and will be a game-changer to your wash site. There are 8 enhanced bottom sections on each cloth strip which greatly reduce the likelihood of being caught in a rear windshield wiper. By reducing the likelihood of damaging a wiper, this will lead to less rear windshield wiper claims at the wash site. This enhanced bottom design should also eliminate the need for rear windshield wiper bags.

Specifications

- Strip Width: 4"
- Color Options: Red, Blue, Black
- Mitter Length Options: 38", 55", 67", 67" Enhanced
- Material: Micro-Fleece

Features

- Micro-Fleece Short-Pile Material for Less Absorbed Water
- Less Noise Against Vehicle
- Attaches to Top Loop [P-M2155](#)
- Velcro Top Allows for Quick Release
- Enhanced Version Strips are Patent Pending
- Enhanced Version Strips Eliminate Need for Rear Windshield Wiper Bags
