

1/4" Stainless Prep Gun Spray Nozzle

Part Number: P-SE-PG-209

Description:

Site Map: Tommy Store > Parts > . > Parts by Type > Nozzles

Price: \$7.67

Detailed Description

This 1/4" spray nozzle is typically used on the prep gun. It provides a uniform, tapered edge spray pattern with every application for a reliable wash every time. The stainless steel construction provides prolonged performance and service life. The orifice is recessed to protect against damage. The high impact spray and high pressure operation used with this nozzle ensure an optimal cleaning every time.

Specifications

- Port Size: 1/4" Male NPT
- Spray Angle: 15 Degrees
- Spray Pattern: Tapered Edge
- Nozzle Type: MEG
- Flow Output: 0.5 GPM
- Material: Stainless Steel

Features

- Long Wear Life from 400 Series Stainless Steel Material
- Internal Guide Vane for Liquid Turbulence Stabilization
- Tapered Edge Spray Pattern
- Meant for High Impact Pressure Washing
- Recessed Orifice to Protect against Damage
