

Red 1" Diameter Tire Shine Manifold Clamp

Part Number: P-TB-259

Description: Red Manifold Clamp - Used for 1" Diameter Manifolds

Site Map:

Price: \$46.20

Detailed Description

These red manifold clamps are used to secure the manifolds in the Tire Shine. They are designed with a 1" diameter hole in the middle to hold the 1" diameter manifolds used. These clamps are a split design for easy install and maintenance. The clamps include all the necessary hardware (nuts, bolts, washers) to tightly secure the manifold inside the clamps. These specific clamps are sold in the color red. Blue colored clamps are available for special order. If you are interested in a blue color clamp, please contact Client Services at 616-795-4893 for this information.
