

# 2" Stainless Unistrut Clamp

**Part Number:** P-WAT-2593

**Description:**

**Site Map:**

**Price:** \$8.25

## Detailed Description

This clamp is used in the Belt Flush System in the wash tunnel. The clamp is unistrut mounted and is for 2" piping. This clamp is made of stainless steel to prevent rust and corrosion from the harsh wash environment. Included with this clamp is the clamp halves and lock nut.

## Specifications

- Pipe Size: 2"
- Material: Stainless Steel
